DokuWiki

⊠ DokuWiki is a simple to use and highly versatile Open Source ⊠wiki software that doesn't require a database. It is loved by users for its clean and readable syntax. The ease of maintenance, backup and integration makes it an administrator's favorite. Built in ⊠access controls and ⊠authentication connectors make DokuWiki especially useful in the enterprise context and the large number of ⊠plugins contributed by its vibrant community allow for a broad range of use cases beyond a traditional wiki.

Read the ⊠DokuWiki Manual to unleash the full power of DokuWiki.
